

## 給家長和老師們的信 (2023/2024-1)

親愛的家長和老師們：

今年是學校創校的第廿二年，沿途和老師們家長們攜手同行，看着孩子們一個個長大了，離開了，都能活出學校的精神，校友們常常回來探望，聲聲保重，不要太辛勞，那份情那份愛是金錢也買不到的。

一條龍十二年的課程，先要定下最重要的原則，相信每一個孩子，給他們機會，讓他們都能建立自信和自尊，不要輕看任何一個，在我幾十年的教學路上，總不會撇下任何一個孩子，鼓勵與督責並行，要愛護也要有要求，德智體群美，五育並重，全人發展，品德為先，CKY 的孩子都能活出見證，廿多年來，我們走出一條不一樣的教育路，回想當年也驚嘆自己的勇氣和堅持，更要感謝老師團隊的認同，家長們的全力支持，否則一切都是空談。

今年也是我從事教育工作的第六十年，多麼驚人的數字，是的，日子就在愉快的教學中過，沒有遺憾，沒有後悔，只有感恩，不斷的向前，回望過去，展視將來，更要把握現在。

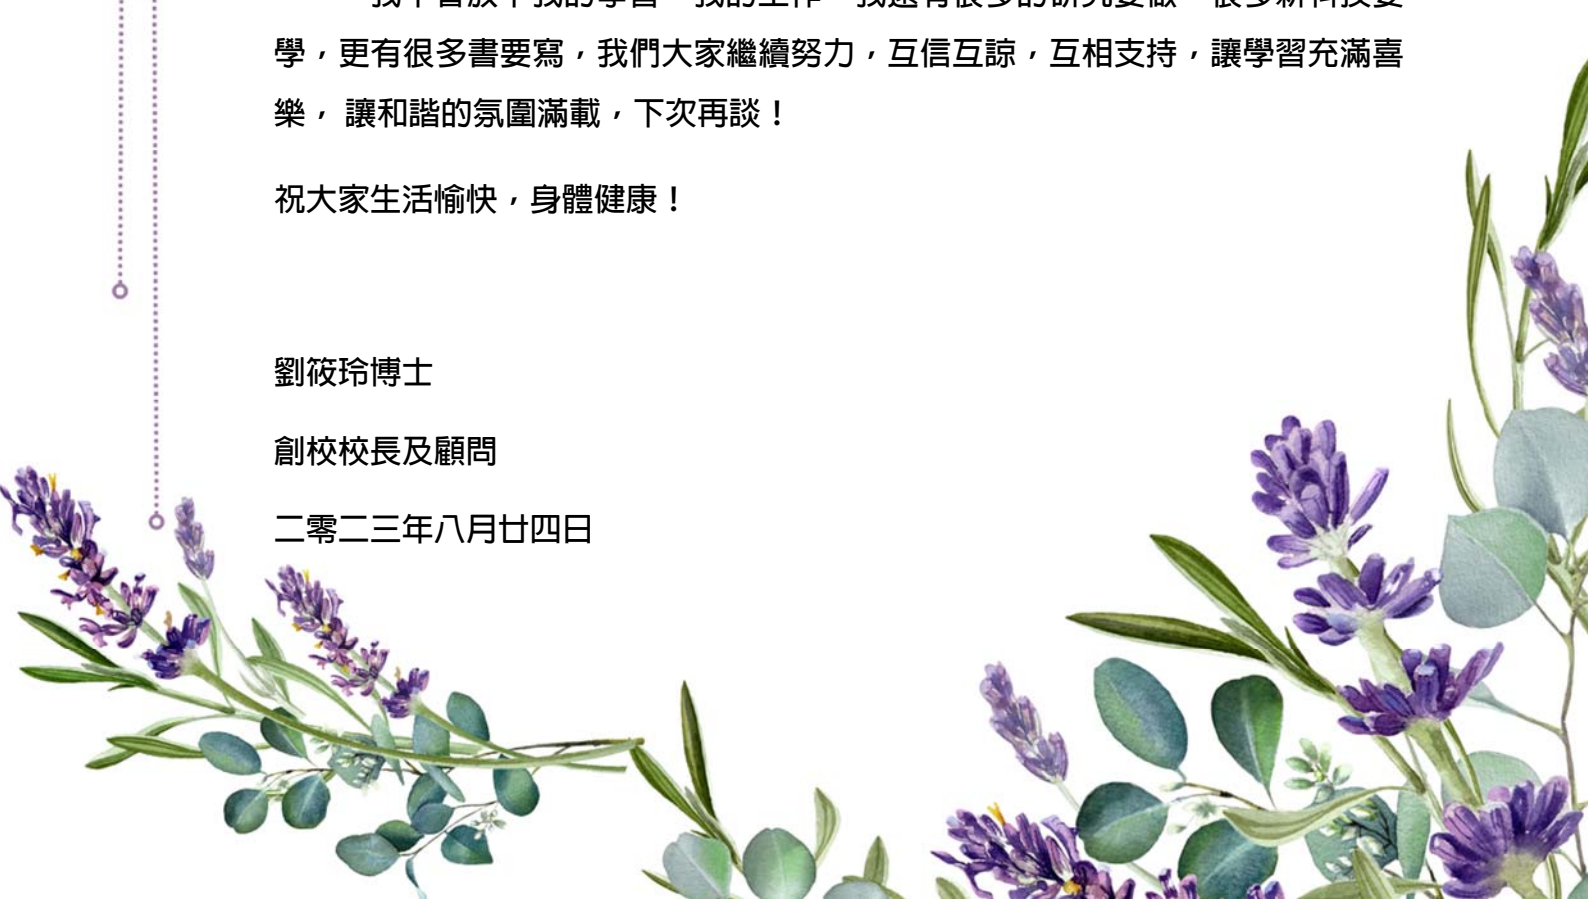

我不會放下我的學習，我的工作，我還有很多的研究要做，很多新科技要學，更有很多書要寫，我們大家繼續努力，互信互諒，互相支持，讓學習充滿喜樂，讓和諧的氛圍滿載，下次再談！

祝大家生活愉快，身體健康！

劉筱玲博士

## Letter to Parents and Teachers (2023/2024-1)

24th August 2023

Dear Parents and Teachers,

This year marks the 22nd year since the school was established. I have walked side by side with the teachers and parents all along the way, watching each child grow up from year one. Now they can live out the spirit and values of our school after they graduate. The alumni often come back to visit their old campus, reconnect with their former teachers, take care of me and tell me not to work too hard. It is these kinds of cherished memories and fond affections that no amount of money can buy.

Everything we do throughout our 12-year curriculum is guided by core educational principles: believe in every child, give them diverse learning opportunities, let them build self-confidence and self-esteem, and never underestimate anyone's potential. In my decades of teaching, I have always emphasised the vision of 'No child will be left behind' where encouragement and supervision go hand in hand. Love must also be demanded. A balanced education that nurtures well-rounded individuals fosters morality, intelligence, physical, social and aesthetic, first and foremost, moral conduct. The students and graduates of CKY are testament to more than 20-years of a unique education. Together, let us continue to blaze a different educational trail. Looking back, I am also surprised at my courage and perseverance in founding the school. My heartfelt thanks to our teachers for their dedication, and to our loyal parents for their full support, which form the pillars of our school community.

This year is also the 60th year that I have been involved in education. What an astonishing anniversary indeed. My career is one of happy teaching, with no regrets; only gratitude. Keep moving forward, reflect on the past, and look ahead to a brighter future. It is even more important to live and love fully in the present.

I will not let go of my studies and my work quite yet. I still have a lot of research to do, with many new technologies to learn, and several books to write. Let us all continue to work hard, trust and understand each other, and support each other to make learning full of joy. May our harmonious atmosphere be an ever-lasting strength of the CKY Family, we will talk about it next time!

I wish you all a happy life and good health!

Dr LAU, Siu-Ling
