Scoring

There will be overall champions in each level, and it will be decided by simply adding the total number of points accumulated in the student events. The class with the highest total score in each level will be awarded a trophy at the end of the day.

Year 1 and Year 2 Events

The individuals comprising the team finishing first in all events will receive a medal on games day. In addition, teams will score points for their class as follows:

Place	1 st	2 nd	3 rd	4 th	5 th	6 th	7 th
Points	80	60	50	40	30	20	10

Year 3 to Year 5 Events

Medals will be presented to the champion, first runner up and the second runner up of each event. Each class will be given 300 points as the basic score. Students abstaining in the event are going to suffer 10-point subtraction from the class score. Students score points differently in individual events as follows:

Place	1 st	2 nd	3 rd	4 th	5 th	6 th	7 th	8 th
Individual Event Points	90	70	60	50	40	30	20	10
Relay Points	180	140	120	100	80	60	40	20

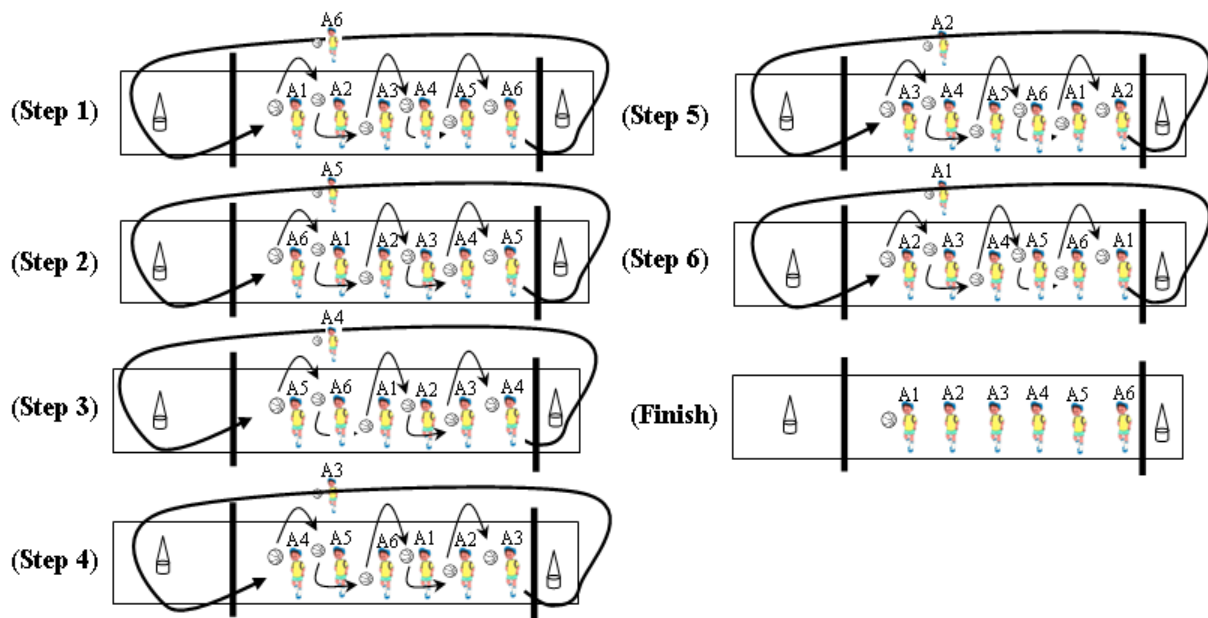

***Breaking Record:**

10 extra points will be awarded for individual events; 20 extra points will be awarded for relay events.

Year 1 and 2 Game Rules – Students Events

Game 1 Up and Down (Ball Pass)

In this game students will stand as shown in the picture. The idea of the game is to successfully pass the ball over the head and then through the legs, alternating between the two until the last person has the ball, they will then run around the cone behind them and then around the cone at the front before running to the front of the line and the process will be repeated until each person is standing where they were at the beginning. If someone in the line is missed out by mistake the team needs to restart from the first person of the line or else, they risk disqualification. If either cone is knocked over, it **MUST** be picked up by the runner who knocked it over before they proceed with the race.

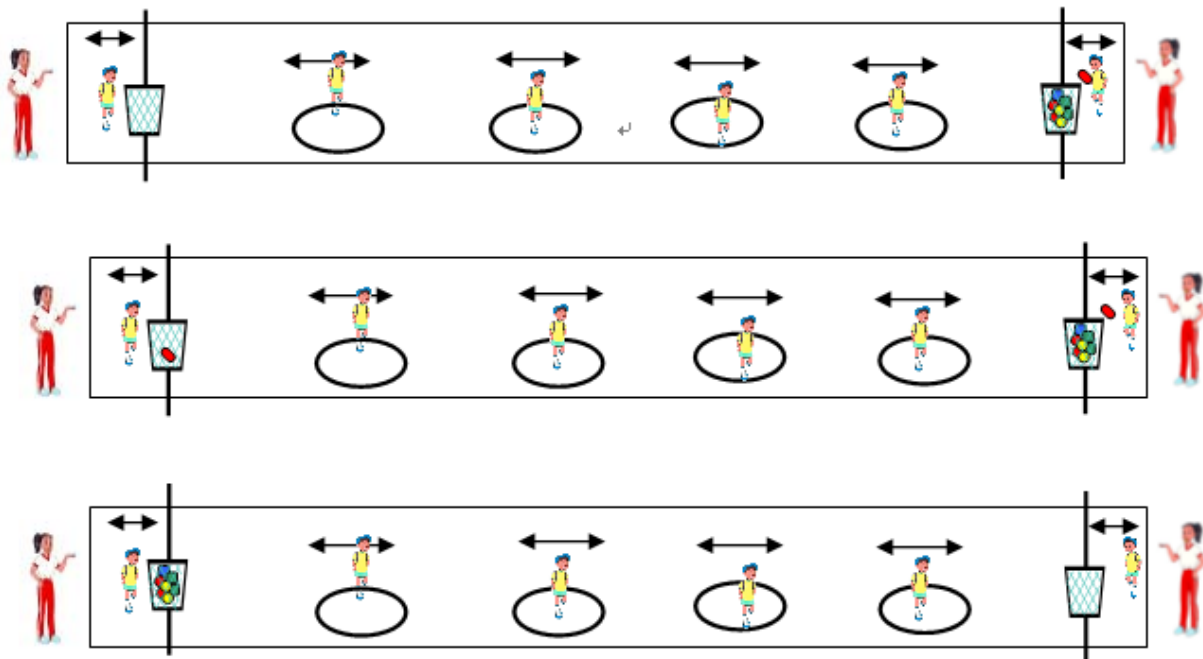

In the event of any interference, the offending party will be subject to a penalty whilst the victims of the offence will be awarded some kind of compensation. This will be decided by race officials.

Game 2 Bean Bag Throwing

There will be 10 beanbags in a basket at the beginning of the lane and another basket will be at the end of the lane. Four hula hoops will be lined up between the two baskets on the lane and the 4 players will stay separately inside the 4 hoops. When the game starts, the first player will take one beanbag from the basket and keep passing it on to the next players and into the basket at the end of the lane. After passing the 10 beanbags, the team with more beanbags in the basket at the end of the lane will be the winner.

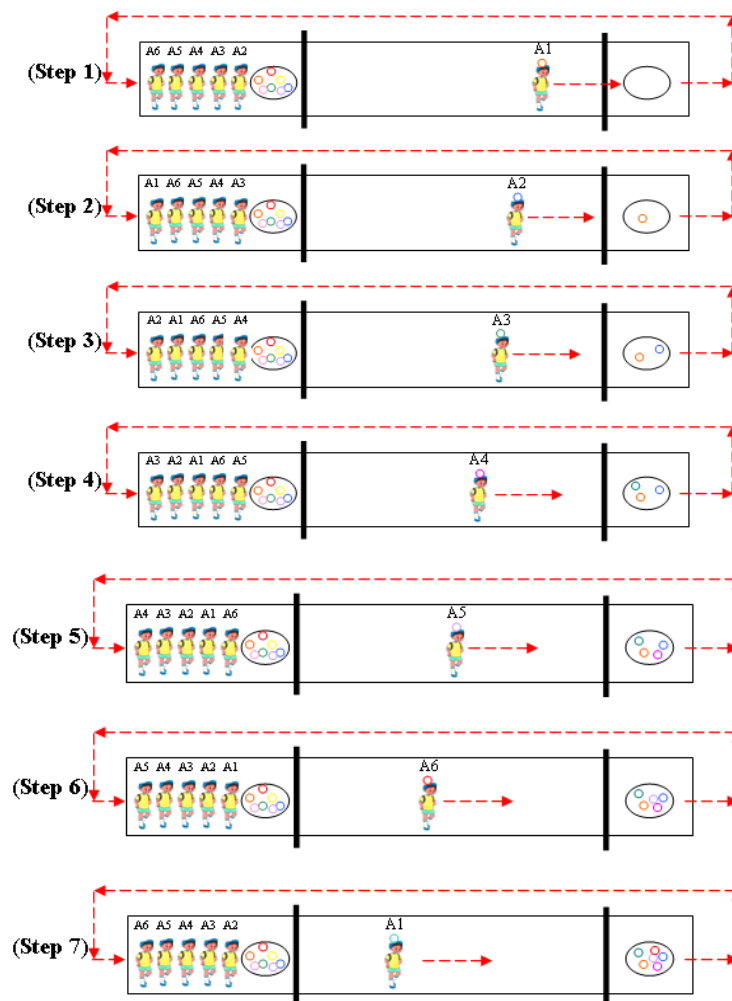

If the beanbag drops on the ground, participants are not allowed to pick it up. Students must pass the beanbag through the whole team, no one can be skipped. Students need to stay in the hula hoops in the game, no matter they are throwing or catching, if one footstep out of the hoop, that beanbag will be cancelled.

Game 3 Rubber Ring Delivery

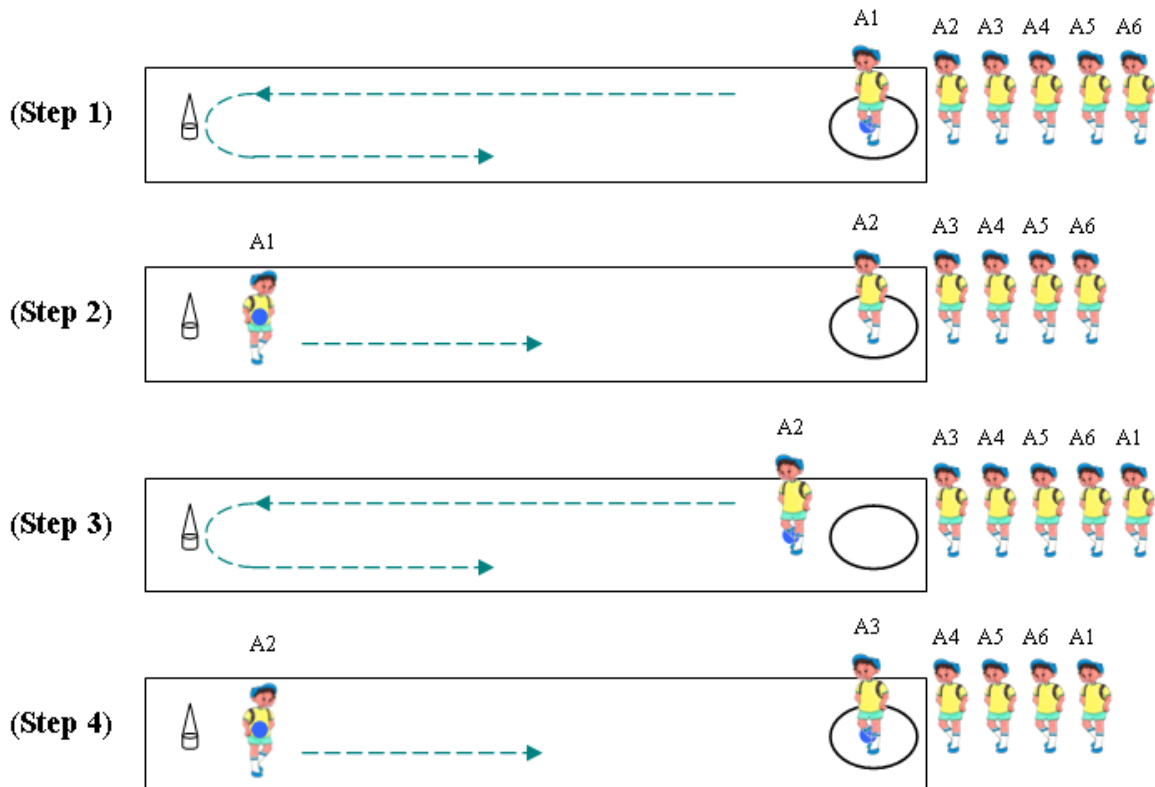

12 rubber rings will be in a hula hoop at the beginning of the lane, another hula hoop will be at the end of the lane. Students are going to transport the rubber rings from the starting hoop to the ending hoop by balancing the rings on their heads. The fastest team that finishes putting all the rings in the ending hoop will be the winners.

Notice that there should be only 1 student transporting 1 ring at a time, while the rest of the students wait behind the hoop. The next student can put on one rubber ring and wait behind the hoop. When the delivery finishes, one should run back and step into the next hoop. Then the next one can go. Once they step out of the starting line, they are not allowed to touch the rings with their hands anymore. If the deliverers drop their rings or touch the rings with their hands, they will need to pick up the ring quickly and restart from where the mistake was made. However, if the ring was dropped to other lane, the student needs to wait and make sure that he/she will not block other team's way else they risk disqualification.

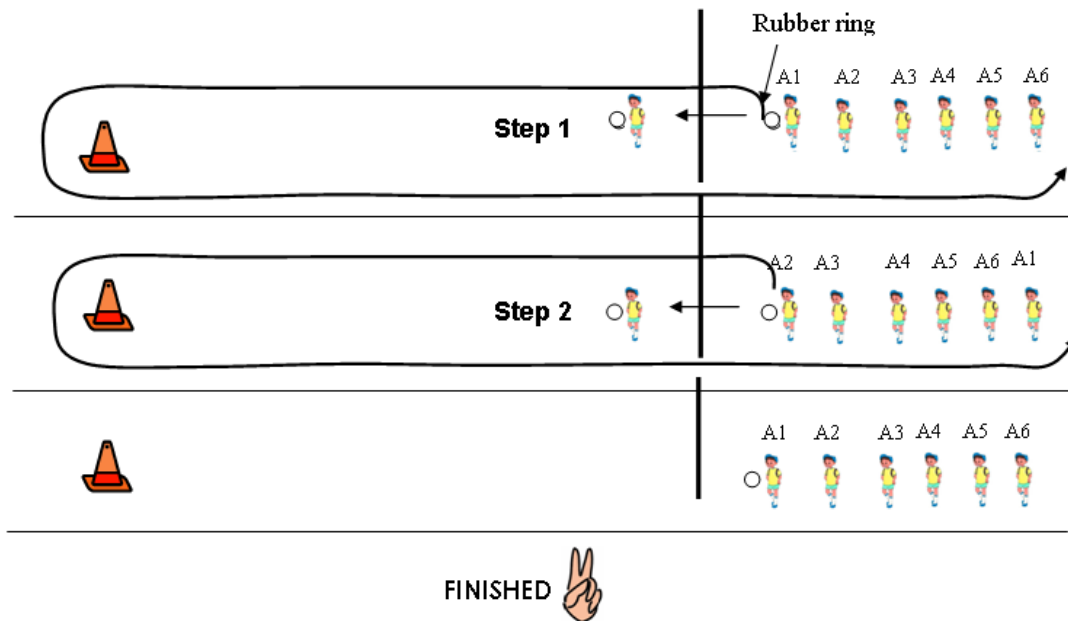

Game 4 Jumping Gym

Each lane has a hoop at the beginning and a cone at the end. The first student stands inside the hoop and holds the ball between their legs. They need to jump, keeping the ball between the legs to the end of the lanes and touch the cone. Once they touch the cone, they pick up the ball and run back. They need to pass the balls to the next student who's standing inside the hoop. They repeat. The champion will be the fastest team with all the six students finished. If the students drop the balls, they need to pick up the ball and restart from where the mistake was made. However, if the ball was dropped to another lane, the students need to wait and make sure that he/she will not block other team's way else they risk disqualification.

Game 5 Flat Relay

Students will line up as shown in the diagram. The first student will be holding a rubber ring. The student will proceed to the opposite side and run around the cone before coming back to pass the rubber ring to their team-mate. This process will be repeated until every member of the team is back in their starting position. If the cone is knocked over, it **MUST** be picked up by the runner who knocked it over before they proceed with the race.

A student can **ONLY** receive a rubber ring **IF** they are standing behind the line and in the correct lane.

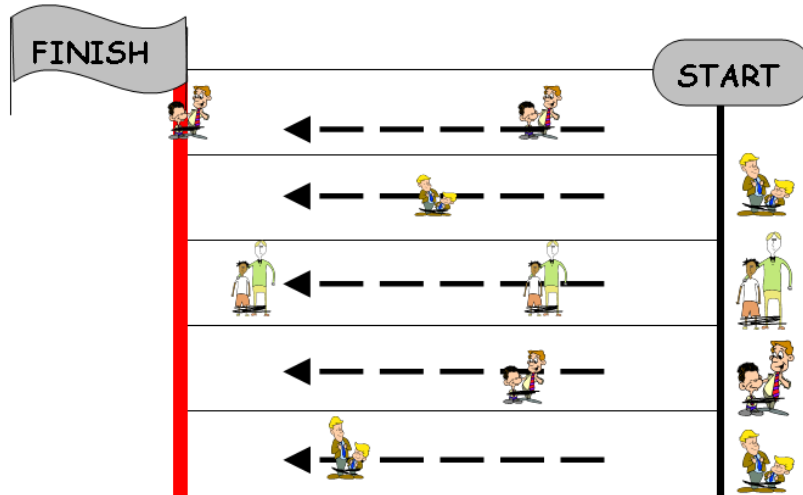

The rubber ring **MAY NOT** be passed or thrown. It **MUST** be handed to the next student. This means that at one point in time, both students should have their hands on the rubber ring.

If students receive the rubber ring in front of the line, or the rubber ring is passed or thrown, the team in question will be disqualified. If the rubber ring is dropped inside the same lane, it must be picked up and the student can resume the race. If the rubber ring is dropped into another lane, the runner must make sure that the lane is clear and safe before they pick it up and move back into their lane and continue the race. In the event of any interference, the offending party will be subject to a penalty whilst the victims of the offence will be awarded some kind of compensation. This will be decided by race officials.

Year 1 and Year 2 Rules – Parent-Child Events

Game 1 3-Leg Race

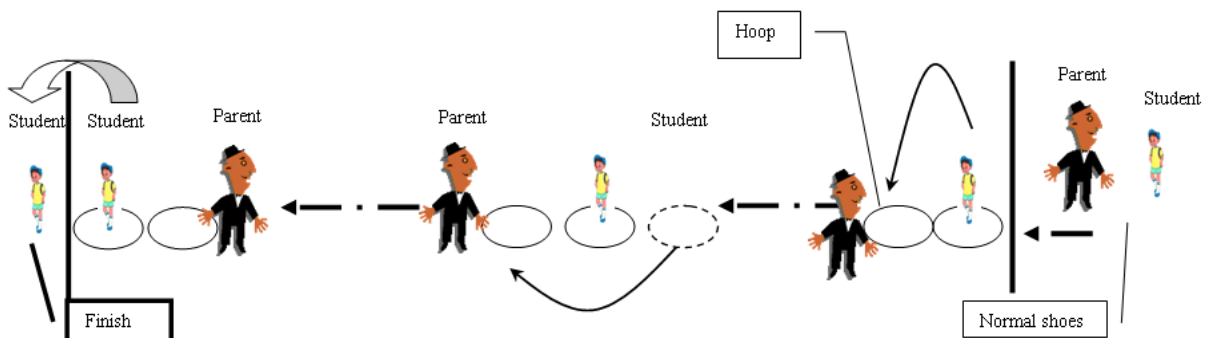

Students and parents will be tied together by one leg and line up as shown in the diagram. The first pair to cross the line together is the winner. Note: Parents are not allowed to carry their child during the race, all 3 feet must touch the ground during the race. Racing styles that are deemed to be inappropriate whilst gaining an unfair advantage may be penalised.

In the event of any interference, the offending party will be subject to a penalty whilst the victims of the offence will be awarded some kind of compensation. This will be decided by race officials.

Game 2 Hula Jump

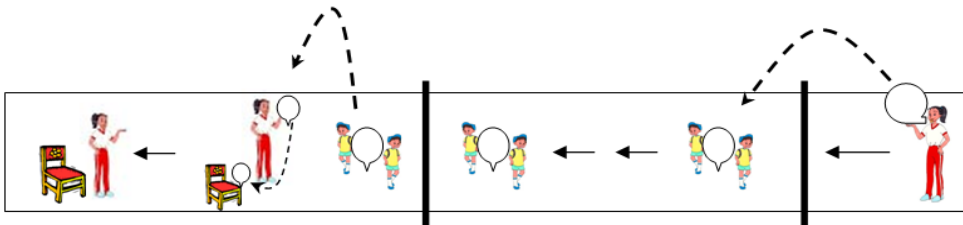

In this game, parents will act as hoop movers (there will be two hoops) and the students will be the jumpers. The idea is always that the student will be standing in a hoop. The parent will then move the other hoop in front of the starting point. This is where the student should next jump. The process is repeated until the student has jumped into a hoop that is completely across the finish line. The student may not contact the floor outside the hoops at any point in time. If they do, they must return to the original hoop and try to jump again.

In the event of any interference or infringement, the offending party will be subject to a penalty whilst the victims (if any) of the offence will be awarded some kind of compensation. This will be decided by race officials.

Game 3 Balloon Pop

In this race two parents and two students will join forces. The first parent bumps up the balloon and then ties it up. The two students must then walk back-to-back, using their bodies to keep the balloon up and off the ground. They may not use their hands. They will travel to the other end of their lane where the second parent will be waiting with a chair. The second parent must then sit down and burst the balloon on the seat. The first balloon to be burst will mark the end of the race and the winner.

If the balloon is dropped, the participants must stop, pick it up and continue. Participants found holding the balloon while they travel will find their team disqualified. In the event of any interference, the offending party will be subject to a penalty whilst the victims of the offence will be awarded some kind of compensation. This will be decided by race officials.

Year 3 to Year 5 General Rules

- 1) The first 8th place of the track events can go into the finals. Track events less than 8 runners can get into the finals directly.
- 2) Lanes of the finals of the track events are decided by the results of the heats as follows:

Place	1 st	2 nd	3 rd	4 th	5 th	6 th	7 th	8 th
Lane	3	4	5	6	7	2	1	8

- 3) Jumping events: Each student has 3 chances of jumping by taking turns.
- 4) Throwing events: Each student has 3 chances of throwing and needs to finish continuously.
- 5) Starting blocks are prohibited. Students can start their running with the crouch start or standing start.
- 6) Students are not allowed to change their events with the others.
- 7) Students need to report to the field judges when they need an absence for track events.
